## I. Budget Context

### A. Legislative Outcome – Change in State Appropriations

The table below outlines the outcome of the University of Minnesota's 2010-2012 biennial budget appropriations. Appropriations from the Health Care Access fund, \$2.2 million per year, and the \$22.2 million annual appropriation to the Academic Health Center pursuant to Minnesota Statutes, section 297.10 have been excluded from the table.

University of Minnesota Biennial Appropriations – 2009 Legislative Session Outcome (\$ in Thousands)			
	FY10	FY11	<u>Biennium</u>
Beginning Base Level Appropriation	\$702.6	\$702.6	\$1,405.2
Actual State Appropriation	<u>\$623.4</u>	<u>\$677.3</u>	<u>\$1,300.7</u>
Change from Base	(\$79.2)	(\$28.3)	(\$104.5)

As indicated above, the University's biennial base level appropriation was reduced by \$104.5 million or approximately 7.4%. In addition to the \$79.2 million reduction in the FY10 appropriation identified above, the University's base of \$702.6 million (the starting point in the table) was \$2.6 million less than the prior year (FY09) due to a previous O&M reduction passed during the 2008 Legislative Session. As such, the total impact to date of legislative actions on the FY10 O&M appropriation amount to a reduction of \$81.8 million.

The University's FY10 appropriation (O&M and regular State Specials) totals \$623.4 million. This annual appropriation compares with a preliminary budget planning assumption of \$627.4 million. The University had constructed its internal budget planning framework assuming a reduction of approximately \$75.2 million. Therefore, the planning assumptions used in the budget development process and the final actual appropriation for FY10 varied by only \$4 million, so the original financial framework did not need to be modified significantly.

The FY11 state appropriation, while a decrease of \$28.3 million from the base funding level, actually represents an increase of \$53.9 million compared to the University actual appropriation for FY10.

### B. Governor's Potential Un-Allotment

The 2009 state legislature has adjourned, but the state still faces a budget shortfall of approximately \$2.7 billion for the current biennium. The Governor has announced that un-allotment actions will be taken to balance the state budget. He has further stated that higher education will be included in the un-allotment process. It is generally understood that due to the interaction between E-12 education and higher education with respect to the federal stimulus funds made available to the State of Minnesota through the American Recovery and Reinvestment Act (ARRA) that the Governor will not un-allot from FY10 appropriations. In addition, it is generally understood that the maximum amount of un-allotment that can be implemented on both the University of Minnesota and the Minnesota State Colleges and

Universities (MNSCU) amounts to approximately \$146 million. If the Governor chooses to un-allot on both the University and MNSCU, it is most likely to occur in the second year of the biennium. Any un-allotment will reduce the University's FY11 appropriation of \$677.3 million.

At the beginning of each biennium the University prepares a President's Recommended Operating Budget Plan as well as a Preliminary Financial Plan for the following fiscal year. In order to adhere to that framework, the University is making preliminary estimates of the likely impact of the Governor's un-allotment actions.

While no final decision has been made by the Governor regarding un-allotment, and it is still unclear regarding the timeline, the University is assuming for preliminary FY11 budget planning that one half, or roughly \$73 million of the potential \$146 million un-allotment, is made to the currently authorized state appropriation for FY11 of \$766.3 million. This assumption would lead to an adjusted FY11 appropriation of \$604.3 million and result in a further reduction of \$19.1 million compared to the FY10 appropriation of \$623.4 million. This un-allotment, in conjunction with the original reduction in the University's base level of funding, would mean a reduction of \$177.5 million for the biennium or approximately 12.6% (compared to the 7.4% explained above). It is possible that the un-allotment could reduce the University's authorized FY11 appropriation to \$591.1 million, which represents the minimum level of maintenance required by the ARRA.

### **C. FY10 and FY11 Budget Framework – Incremental Changes**

The table below outlines the budget framework for the next two fiscal years. The figures shown are incremental changes in revenue and expenditures compared to the prior fiscal. (Further details on the FY10 budget plan begin on page 8 of this document.)

University of Minnesota <u>FY10 and FY11 Budget Framework</u> ( <i>\$ in millions</i> )		
	President's Recommended Operating Budget Plan <u>FY10</u>	Preliminary Operating Budget Plan <u>FY11</u>
Balance Forward from Prior Year	\$0.0	\$38.3
<b><u>Resource Plan</u></b>		
State Appropriations - Enacted	(81.8)	53.9
Potential Un-allotment – FY11	<u>0.0</u>	<u>(73.0)</u>
Net Change	(81.8)	(19.1)
Recurring University Budget Reductions	94.9	20.0
New Tuition Revenue	41.0	46.9
New Federal Stimulus Funds	89.3	0.0
One-Time Reallocation/Rev Change	(3.6)	17.3
Total Resources	\$139.8	\$103.4

**Expenditure Plan**

Recurring Financial Obligations	50.5	51.4
Onetime Financial Obligations	0.0	13.7
Federal Stimulus Fund		
Tuition Mitigation	20.3	29.8
Stimulus Funding Pool	<u>30.7</u>	<u>8.5</u>
Net Stimulus Fund	51.0	38.3
Total Expenditures	\$101.5	\$ 103.4
Ending Balance	\$38.3	\$0.0

**D. Federal Stimulus**

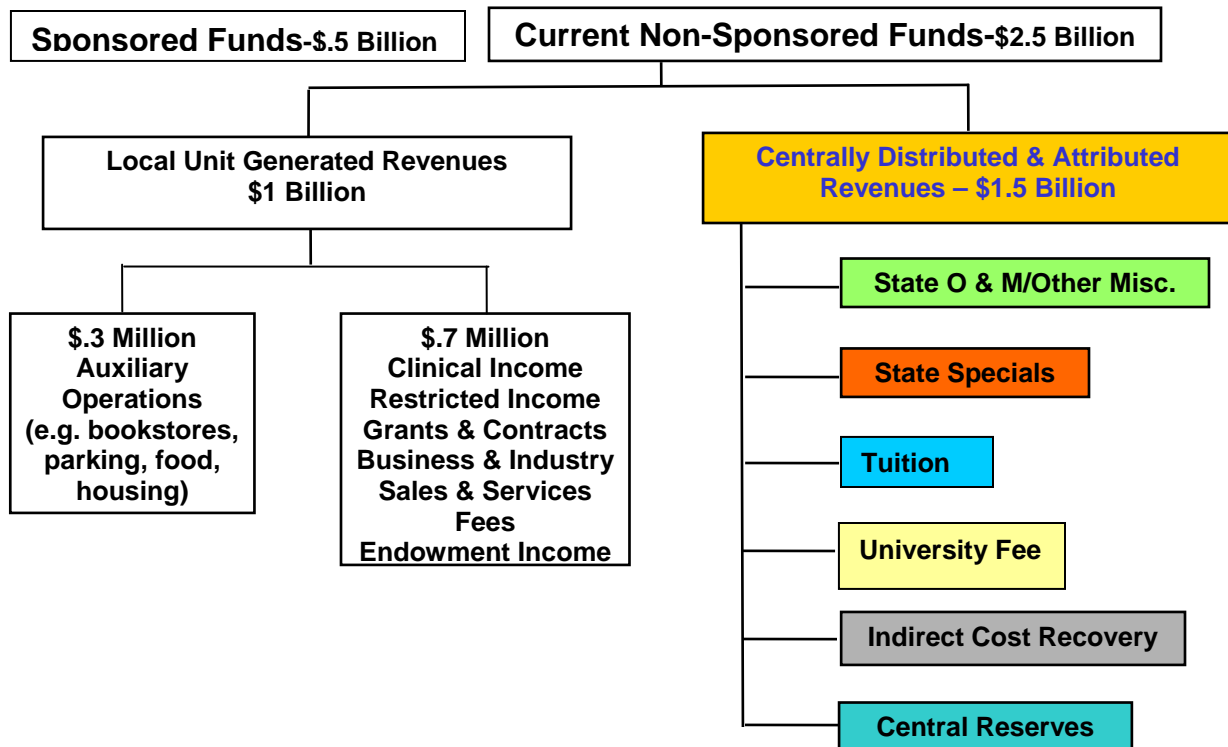

As a result of the enactment of the American Recovery and Reinvestment Act (ARRA) the University of Minnesota was appropriated \$15,273,000 for FY09 and \$74,050,000 for FY10 by the 2009 Minnesota Legislature, totaling \$89,323,000. These funds will be allocated consistent with the requirements and guidelines of the ARRA and the specific requirements enacted by the 2009 Minnesota Legislature.

The ARRA appropriations will be placed into a newly created federal fund within the University in order to specifically track and report on their use. The University will be required to submit requests for reimbursement of expenditures to the State of Minnesota who will then transfer the federal funds to the University. The funds must be expended by September 30, 2011. The budget plan includes the expenditure of 56% or \$50.1 million of the federal stimulus funds for mitigation of tuition. Additional information on the impact of the use of federal stimulus funds for student aid can be found on page 14. The remaining 44% or \$39.2 million will be used on a one-time basis as a target pool of funds to: retain jobs of talented faculty and staff, reduce operating costs/enhance revenues, obtain long term productivity gains, reshape and strengthen the University's long term financial future through investments with a high rate of return. It is currently estimated that approximately \$51,000,000 of stimulus funds will be expended during FY10 and \$38,300,000 in FY11.

**II All-Funds Budget – Summary – Current Law Appropriation**

The FY10 operating budget presented here for approval is an “all-funds” budget. Attachment 1, “Resource and Expenditure Budget Plan – University Fiscal Page”, provides the detailed budget plan for FY10 in an all-funds context. The chart below displays the fund structure included in this budget.

## University of Minnesota All Funds Budget Structure

Sponsored funds are those provided to the University by a grant or a contract. They are restricted funds administered by Sponsored Projects Administration within the Office of the Vice President for Research and are budgeted on a multi-year, project by project basis. For FY10, the total projected sponsored funds budget is \$518,175,000. It is included here for the purposes of identifying the University's total annual operation budget, but it does not require Board approval.

Those funds in the Local Unit Generated category are, by University Policy, monitored and reviewed by central administration, but are automatically attributed to the units as generated and are managed within those units. The annual budgeting of revenues and expenses in this category of funds requires decision making processes at the local unit level, but not by central administration. The primary focus of the discussion and information in this document centers on the category of funds commonly referred to as "centrally distributed and attributed" – funds requiring a decision process or formal approval by central administration and the Board on the exact amount to estimate and budget in each academic and support unit. These are the funds that support nearly the entire maintenance and operation of the University's core mission.

### **A. University of Minnesota Financial Statement Forecast**

The President's Recommended Operating Budget Plan for FY10 includes, for the first time, the portrayal of the operating budget plan in the framework of the annual financial statement. Attachment 1 contains the more traditional budgetary view of the annual operating budget plan while Attachments 2 and 3 translate that information into two key financial statement presentation views.

The financial statements represent management's forecast of the University's Consolidated Statement of Net Assets and Statement of Revenues, Expenses, and Changes in Net Assets for June 30, 2009 and June 30, 2010, projected based on the University's budgeted revenues and expenditures, and management assumptions related to investments, debt, and capital assets. The forecast statements for June 30, 2009 also take into consideration actual amounts through December 31, 2009. The figures contained in Attachments 2 and 3 are unaudited. The University typically publishes audited financial statements by November following the official close of the fiscal year on June 30.

### **B. Detailed Fiscal Year 2009-10 Operating Budget Overview**

This recommended operating budget plan for FY10 has been developed in adherence with the budget principles and strategies used to guide University budgetary decisions over the last several years. These principles remain true and relevant as we move into the next biennium:

- Maintain the University's momentum, quality and competitiveness
- Compensate, support and retain talented faculty and staff
- Increase productivity by reducing costs and increasing revenues
- Improve financial access and affordability for all students
- Use all available tools to address the long and short-term challenges

As explained above, this year's budget planning has involved some difficult choices to address the financial challenges while adhering to these important budget principles. Decisions had to be made in the context of significant fiscal challenges faced by the state of Minnesota. So, while making every effort to maintain the University's quality and momentum, we had to recognize that we may have to rely more heavily in the short term on non-recurring funds to reshape the University. While continuing to value the dedication and contribution of our faculty and staff, the resource task in the short term will be to keep people employed without increasing our recurring obligations. While striving to increase productivity and reduce costs, some non-recurring investments designed to enhance revenues or permanently redesign work to improve productivity will be necessary. While remaining committed to our current strong support for student financial aid, new and enhanced student aid programs will be necessary ensure affordability by addressing the rising costs of tuition, particularly for low and middle income Minnesotans. And finally, while analyzing all tools available to address the budget challenges, for the next biennium the federal stimulus funds available through the American Recovery and Reinvestment Act will be an important element in bridging to the implementation of recurring expenditure reductions and in investing in things that will enhance or create new value from our existing resources.

This important budgeting work will be carried out across the University: in departments and centers and colleges and campuses. All efforts undertaken to implement this recommended operating budget plan for FY10 will support the University's long-term goals of excellence.

In summary, the budget for total current nonsponsored funds is proposed as follows:

**Current Nonsponsored Funds- Fiscal Year 2009-10 Operating Budget**

Beginning Balance	\$565,028,691
Revenue & Net Transfers	<u>\$2,420,482,391</u>
Total Net Resources	\$2,985,511,081
Expenditures	<u>\$2,418,275,274</u>
Ending Balance	\$567,235,807

Within the framework of the FY10 Operating Budget Plan, the primary funds supporting teaching, research and outreach are Operations and Maintenance, (O&M), University Fee, Tuition, State Specials, Indirect Cost Recovery (ICR) and Central Reserves – those described above as centrally distributed and attributed. These six funds total approximately 53% of externally generated revenues of the University and represent the major focus of budget development and planning. The remaining 47% of the University’s budget is derived from more restricted funds including sponsored grants and contracts (19%), and fees, auxiliary enterprises, philanthropic support, education sales and services, etc. (28% combined). The revenue and expenditure plans relative to the six centrally distributed and attributed funds are summarized below:

**President’s FY10 Recommended Operating Budget  
(O&M, University Fee, Tuition, State Specials, ICR, Central Reserves)**

		<u>Percent</u>
<b><i>Beginning Balance</i></b>	<b><i>\$11,874,318</i></b>	
<b><i>Revenues &amp; Net Transfers</i></b>		
Operations & Maintenance-State	550,345,000	38%
Operations & Maintenance-Other	15,100,000	1%
University Fee	64,930,177	4%
Tuition	613,743,692	42%
State Specials	98,879,000	7%
Indirect Cost Recovery	111,489,158	7%
Central Reserves	10,950,500	1%
<b><i>Total Net Resources</i></b>	<b><i>\$1,477,311,845</i></b>	<b><i>100%</i></b>
<b><i>Allocations to Units</i></b>	<b><i><u>\$1,464,670,711</u></i></b>	
<b><i>Ending Balance</i></b>	<b><i>\$12,641,134</i></b>	

In graphic form, the chart below displays the estimated relative share that each of these six revenue source represents of the estimated centrally distributed and attributed revenues for the fiscal year ending June 30, 2010.

University of Minnesota  
Centrally Distributed & Attributed Revenues  
Fiscal Year 2009-10 Proposed Budget  
\$1,464,372,539

### III. Budget Development FY10

#### A. Summary

The FY10 operating budget plan for state appropriations and tuition/University fee includes total incremental resources of \$50.5 million compared to FY09 (Indirect Cost Recovery and Central Reserves is discussed separately later in this document). The framework for the incremental resources and the allocation of those resources is as follows:

	FY10 Recurring <u>(change from 09)</u> <i>\$ in Thousands</i>	FY10 Nonrecurring <u>(change from 09)</u> <i>\$ in Thousands</i>	FY10 Total <u>(change from 09)</u> <i>\$ in Thousands</i>
<b>Identified Resources</b>			
State Appropriation	(\$81,800)	\$0	(\$81,800)
Uncommitted FY09 Appropriation	3,200	0	3,200
University Reductions & Reallocations	91,700	0	91,700
Tuition & UFee	41,000	0	41,000
Change in Transfer-Central Reserves	<u>0</u>	<u>(3,600)</u>	<u>(3,600)</u>
<b>Total Identified Resources</b>	<b>\$54,100</b>	<b>(\$3,600)</b>	<b>\$50,500</b>

	FY10 Recurring <u>(change from 09)</u> <i>\$ in Thousands</i>	FY10 Nonrecurring <u>(change from 09)</u> <i>\$ in Thousands</i>	FY10 Total <u>(change from 09)</u> <i>\$ in Thousands</i>
<b>Investments/Challenge</b>			
O&M/State Special Fringe Costs	\$20,800	\$0	\$20,800
Founders Free Tuition Program	3,600	0	3,600
Facility Operations	10,100	0	10,100
Strategic Investments	<u>16,000</u>	<u>0</u>	<u>16,000</u>
<b>Total Investments/Challenge</b>	<b>\$50,500</b>	<b>\$0</b>	<b>\$50,500</b>
<b>Balance</b>	<b>\$3,600</b>	<b>(\$3,600)</b>	<b>\$0</b>

Please note that details contained in this document for FY10 should be understood and considered as planning information – subject to modification should circumstances and operating assumptions change.

## **B. FY10 Investment Plans**

Recurring investments in this budget are aligned with the University's strategic planning framework and are directed toward critical academic and service priorities to maintain the strength and secure the long-term future of the University. Some of the investments were identified as priorities and included within the University's biennial budget proposal to the state for the 2010-2011 biennium. Due to the large reduction in the state appropriation, opportunities to advance a broad range of major University initiatives, including important faculty and staff hires, have been curtailed. Instead, decisions have been made to strategically fund a select number of focused, critical investments - on top of the required spending increases for fringe benefits, facilities operations and the Founders Free Tuition Program. Examples of strategic investments included within the \$16,000,000 identified above include:

- \$1,000,000 for a new Chair for the Department of Neurology in the Medical School
- \$975,000 for additional tenure/tenure track faculty in the Carlson School of Management to address a critical need for quality instruction to serve the expanding undergraduate enrollment
- \$900,000 for continued investment in the University-wide initiative on Translational Neuroscience
- \$900,000 for essential investment in the University initiative on Health Informatics
- \$1,500,000 for Discovery Grants for the new Institute on the Environment
- \$500,000 for key faculty hires in the College of Liberal Arts
- \$850,000 for the Mid Level Provider initiative in the School of Dentistry
- \$350,000 to address accreditation issues in the School of Veterinary Medicine
- \$343,000 for the federally required Respiratory Protection Program coordinated by University Health and Safety
- \$719,400 to provide University matches to donor contributions to the 21<sup>st</sup> Century and Presidential Scholarship programs
- \$634,000 to address federally required occupational health and safety and AAALAC issues
- \$190,000 for two additional police officers

- \$1,107,076 to cover the additional costs of the University's hardware/software maintenance agreements

In addition, it is important to note that the University is launching the new Middle-Income Scholarship program which will initially be funded at \$7.8 million for FY10 and FY11 from the federal stimulus funds. It will be funded from new private and new internal University funds in FY12 and beyond.

### **C. Strategies to Balance the Budget for FY10**

#### **State Appropriation**

The change in the state appropriation is addressed in some detail on pages 4 and 5 of this document and, as explained earlier, there is no increase in appropriation available to cover the costs and investments identified above. Instead, the loss of appropriation represents an \$81.8 million challenge in balancing the budget and the most significant reason behind the levels of University reallocation and tuition rates included within this recommended budget.

#### **Uncommitted FY09 Appropriation and Change in CR Transfer**

The approved budget for FY09 included an allocation of recurring appropriations of \$3.2 million to cover nonrecurring expenditures during the year. Therefore, when entering FY10, the nonrecurring spending is eliminated from the base, leaving the \$3.2 million recurring resources available for reallocation to cover new needs identified in the budget framework.

Traditionally, the Central Reserves fund, containing earnings from University managed endowments and the investment of cash balances, supports approximately \$13 million of recurring O&M expenditures through an inter-fund transfer. Due to the market impact of FY09 investment earnings in the Central Reserves fund and the greater than average use of cash balances during the year (largely the result of the un-allotment of the FY09 appropriation), the transfer into O&M from Central Reserves is being reduced by \$3.6 million on a one-time basis. This represents a one-time reduction in O&M resources and a one-time increase to Central Reserves. The recurring balance in O&M (recurring revenue supporting recurring expenditures) will remain a positive \$3.6 million, however, making those funds available for spending in FY11. The balance is just being used one time in FY10 to help strengthen Central Reserves.

#### **University Reductions and Reallocations**

Over the last several biennia, the University has routinely included planned reductions and reallocation of resources within its proposed annual budget. Whether to address a reduction in state appropriation or to increase investments in units or programs at the core of the University's mission and priorities, the annual budgets have included reductions to or elimination of the O&M allocations supporting activities further from those mission critical functions. Either when accomplished within a unit but between programs or between different organizational units, such reductions or eliminations of state appropriations may, in some cases, lead to the elimination, downsizing or consolidation of activities or units. In other cases, these reductions will lead to a greater reliance on other revenue sources. In every case, the strategies chosen must be implemented consistent with University goals at all organizational levels.

Included within this budget recommendation is a reallocation on unit budgets of \$91,661,153 for FY10. In combination with the tuition revenue increase, this \$91.7 million reallocation is

necessary to cover the significant reduction in state appropriation and the required costs and investments of \$50.5 million identified in the table above. Each major operating unit of the University was asked to develop plans for implementing a 5% reduction in their O&M allocation and an 8% reduction. Based on those plans, senior leadership decided on unique levels of reallocation for each unit. The final result was not across-the-board. Reallocations for FY10 vary by unit from 4% to 8%, depending on the unique financial circumstances of the unit and the need to protect University priorities as much as possible.

As units are only receiving their final allocation numbers at the time this recommended budget is being delivered to the Board of Regents, specific details related to implementation of the reallocations is not known. From the plans submitted during the scenario discussions, it is apparent that much of the impact in the immediate future will be in the form of reduced or eliminated positions, some currently open awaiting a new hire, and some currently filled. Some personnel reductions will result from restructuring and reorganizing administrative functions and some will result from a necessary elimination and downsizing of activities and services. A summary of the impact on positions and programs will be presented at the June Board of Regents meeting and a more complete report will be submitted to the Board by November. Other examples of expense reductions proposed by units include: a reduction in recurring project funding (base funding amounts dedicated to different research projects each year); changes in operations to reduce expenditures for printing, travel, food, etc.; reductions to pools of discretionary funds; reductions in contract employees or consultants; offsetting revenue increases from other sources, etc. Most importantly, students are protected in this budget; there will be no reductions in student aid programs as a result of these reductions and reallocations.

### **Tuition and the University Fee**

The President's FY10 budget increases tuition and University fee revenue to the institution by \$41 million. See Attachment 4 (University of Minnesota 2009-10 Tuition Plan: Tuition Rates) for specific details regarding graduate and professional tuition increases associated with the President's Recommended Operating Budget Plan 2009-10.

For FY10 the University administration is *recommending an overall increase in tuition and the University fee of 7.5 percent for most resident students*. The actual increase in tuition rates varies in order to produce this result, with the University fee increasing from \$550 per term to \$600 per term (prorated at \$60 per credit for credits 1-10). The University fee is assessed to all students, in addition to tuition. The overall tuition increase for any student is best understood as the total increase in tuition and the University fee.

For undergraduate students and most graduate students the increase for non-resident students has been kept to the same dollar increase as for resident students, as was the case since FY05. This is to ensure the University's non-resident tuition rates for undergraduate and graduate students on the Twin Cities and Duluth campuses do not increase beyond what the market will bear.

In FY10 two significant changes in tuition rates for undergraduate students will continue to be phased in for students matriculating in fall 2008 or later.

1. First, under the new Minnesota/Wisconsin Tuition Reciprocity agreement, Wisconsin reciprocity students will be assessed the Minnesota resident rate, rather than the rate for a comparable campus in their home state. For example Wisconsin reciprocity students on the Twin Cities campus will be assessed the Minnesota resident rate, rather than the UW, Madison rate.

2. Second, nonresident undergraduate students on the Duluth and Twin Cities campuses will be assessed the lower tuition rates approved by the Board in June 2007. For nonresident students on the Duluth campus the new rate is the resident rate plus \$1,000 per semester. For nonresident students on the Twin Cities campus the new rate is the resident rate plus \$2,000 per semester. This level of assessment covers the full cost of instruction without Minnesota state subsidy.

The annual dollar and percentage increases (tuition + University fee) for various students are shown in the table below.

<b>University of Minnesota 2009-10 Tuition and University Fee Plan: Annual Increases</b>						
	<b>Annual Cost</b>		<b>Annual \$ Increase</b>		<b>Annual % Increase</b>	
	<b>Tuition + U Fee</b>		<b>Tuition + U Fee</b>		<b>Tuition + U Fee</b>	
	<b>Resident</b>	<b>Nonres</b>	<b>Resident</b>	<b>Nonres</b>	<b>Resident</b>	<b>Nonres</b>
<b>Crookston Undergraduate</b>	\$8,588	\$8,588	\$600	\$600	7.5%	7.5%
<b>Duluth Undergraduate</b>	\$10,030	\$12,030	\$700	\$700	7.5%	6.2%
<b>Morris Undergraduate</b>	\$10,030	\$10,030	\$700	\$700	7.5%	7.5%

<b>** For nonresident students matriculating fall 2008 or later</b>						
<b>* Includes Summer</b>						

Access and Affordability: In setting tuition rates, the University always balances the need for new revenue with the importance of maintaining access and affordability for students.

For FY10, the University will implement a new Middle Income Scholarship Program for Minnesota resident students from families with an income of \$40K to \$100K. This new program, along with the existing free tuition program for all low-income Minnesota resident students who are Pell eligible, will help to ensure that the University remains affordable for Minnesota students from low and middle-income families. These students and families will actually experience a decrease in tuition costs.

The number of students who are eligible for the free tuition program is projected to increase from 4,700 in 2008-09 to 5,200 in 2009-10. This is because the maximum expected family contribution or EFC that is used to determine eligibility for federal Pell grants is increasing from \$4,731 to \$5,350. This corresponds to an increase in the maximum federal Pell grant to \$5,350. Although the increase in funding for the federal Pell grant program, which is a permanent, recurring change in the federal American Recovery and Reinvestment Act of 2009 (ARRA), along with changes in the Minnesota state grant program that pass these increases on to students, will fund the increased cost of the free tuition program for most eligible students, the University's budget plan for FY10 includes funds to cover the cost related to the increase in the number of students who are eligible.

Also in FY10, the University will receive fiscal stabilization funds from the ARRA, in part to mitigate tuition increases for resident undergraduate students. These funds will be used to

provide a federal stimulus grant that limits the increase in tuition for all resident undergraduate students to \$300. This funding recurs in 2010-11 but not in subsequent years.

A final provision in the ARRA that will benefit most of the University's undergraduate students, regardless of residency status, is a \$700 increase in the federal Hope tax credit, from \$1,800 to \$2,500. Eligibility for the credit is also extended from two years to four year, and the credit is refundable, which means that even the lowest income families may benefit by \$1,000. The increase for most families is \$700 up to an income level of \$160K.

Because of these changes in the financial assistance available to students from federal, state, and University programs, many resident undergraduate students will see a net decrease in tuition in 2009-10. This is shown in detail in the table below for resident undergraduate students from various income levels (see rows 14-15). Note that although the details in this table are for the Twin Cities campus, the pattern and the benefits are exactly the same for students on the Duluth, Morris, and Crookston campuses.

The table is divided into two sections. Rows 1-15 provide detail for federal, state and University programs administered by the University's financial aid offices. Rows 16-20 provide detail for the Hope tax credit. Although the University has nothing to do with the tax credit, except to inform students and families of this significant change, it is important to show the extent to which the changes in the tax credit will benefit the University's students and their families, especially middle and upper-middle income families.

### Cost of Attendance

In addition to base tuition, students pursuing a University education incur additional fees and expenses required to attend classes on a full-time basis. The proposed rates for undergraduate tuition and university fee, for the 2009-10 academic year range from \$8,588 to \$10,320 depending on the campus the student attends. Required fees, and room and board costs represent an additional expense, and when combined with the base tuition, comprise the total cost of University attendance. For 2009-10 the total cost of University attendance for resident undergraduates ranges from \$16,236 to \$18,679 depending on the campus the student attends. Estimated increases in total cost of attendance are typically lower than tuition rate increases. The increases from FY09 to FY10 by campus are: Crookston, 5.9%; Duluth, 5.1%; Morris, 6.3%; and Twin Cities, 4.8%.

Depending on the campus, costs for each of the other categories fall within a given range as a percent of the total: Room and board, based on anticipated rates for on-campus dormitories, ranges from \$6,176 to \$7,392 and represents 35.9% - 39.7% of the total cost of attendance; various required fees assessed to students range from \$685 to \$1,400, and represent between 3.8% - 8.6% of the total cost of attendance. The cost of textbooks, supplies and personal expenses were not included in the estimated total cost of attendance in order to confine the estimate to costs that are within the approval responsibilities of the Board of Regents, although the University does work to restrain and reduce these costs as well.

The tables below present estimated total cost of attendance for an undergraduate resident student living in a dorm room for the 2009-10 academic year at each of the four University of Minnesota campuses.

<b>Twin Cities Campus, Undergraduate, Resident – Dorm Room</b>					
	FY09 Academic Year	FY10 Academic Year	\$ Increase	% Increase	FY10 % of Total
Tuition (13-credit band)	\$8,500	\$9,120	\$620	7.3	48.8
University fee	1,100	1,200	100	9.1	6.4
Net tuition and university fee	9,600	10,320	720	7.5	55.2
Student services fee	673	697	24	3.6	3.7
Technology fee*	201	204	3	1.5	1.1
Transportation fee	32	34	2	6.2	0.2
Stadium fee	25	25	0	0.0	0.1
Other required fees**	8	7	-1	-12.5	0.1
Subtotal tuition and required fees	10,539	11,287	748	7.1	60.4
Room & Board (double room, 14 meal plan)	7,280	7,392	112	1.5	39.6
Total Cost of Attendance – Twin Cities	\$17,819	\$18,679	\$860	4.8%	100%

\*Average of all undergraduate programs, 6+ credits

\*\*Council of College Boards, MN Student Association.

Note – factoring in the Federal Stimulus scholarship described above would reduce the total increase in the cost of attendance on the Twin Cities campus (as depicted in this chart) to 2.5%.

<b>University of Minnesota - Crookston, Resident – Dorm Room</b>					
	FY09 Academic Year	FY10 Academic Year	\$ Increase	% Increase	FY10 % of Total
Tuition (13-credit band)	\$6,888	\$7,388	\$500	7.2	45.5
University fee	1,100	1,200	100	9.1	7.4
Net tuition and university fee	7,988	8,588	600	7.5	52.9
Student services fee	393	400	7	1.8	2.5
Technology fee	1,000	1,000	0	0	6.1
Subtotal tuition and required fees	9,381	9,988	607	6.5	61.5
Room & Board (double room, 19 meal plan)	5,950	6,248	298	5.0	38.5
Total Cost of Attendance – Crookston	\$15,331	\$16,236	\$905	5.9%	100%

Note – factoring in the Federal Stimulus scholarship described above would reduce the total increase in the cost of attendance on the Crookston campus (as depicted in this chart) to 3.9%.

<b>University of Minnesota - Duluth, Resident Undergraduate– Dorm Room</b>					
	FY09 Academic Year	FY10 Academic Year	\$ Increase	% Increase	FY10 % of Total
Tuition (13-credit band)	\$8,230	\$8,830	\$600	7.3	51.4
University fee	1,100	1,200	100	9.1	7.0
Net tuition and university fee	9,330	10,030	700	7.5	58.4
Student services fee	509	558	49	9.6	3.2
Collegiate equipment technology fee	282	267	-15	-5.3	1.6
Computer network access fee	140	149	9	6.4	0.9
Subtotal tuition and required fees	10,261	11,004	743	7.2	64.1
Room & Board (double room, 19 meal plan)	6,078	6,176	98	1.6	35.9
Total Cost of Attendance – Duluth	\$16,339	\$17,180	\$841	5.1%	100%

Note – factoring in the Federal Stimulus scholarship described above would reduce the total increase in the cost of attendance on the Duluth campus (as depicted in this chart) to 2.7%.

<b>University of Minnesota - Morris, Resident – Dorm Room</b>					
	FY09 Academic Year	FY10 Academic Year	\$ Increase	% Increase	FY10 % of Total
Tuition (13-credit band)	\$8,230	\$8,830	\$600	7.3	49.7
University fee	1,100	1,200	100	9.1	6.8
Net tuition and university fee	9,330	10,030	700	7.5	56.5
Student services fee*	561	580	19	3.4	3.2
Technology fee	105	105	0	0.0	0.6
Subtotal tuition and required fees	9,996	10,715	719	7.2	60.3
Room & Board (double room, 19 meal plan)	6,710	7,049	339	5.0	39.7
Total Cost of Attendance – Morris	\$16,706	\$17,764	\$1,058	6.3%	100%

\*Activities fee, Health Services fee, Student Center fee, Athletics fee, Regional Fitness Center fee

Note – factoring in the Federal Stimulus scholarship described above would reduce the total increase in the cost of attendance on the Morris campus (as depicted in this chart) to 3.9%.

## **D. Special Budget Issues**

### **Compensation**

It is important to note that information in this document regarding compensation matters has been prepared for budgeting purposes and should not be interpreted as an attempt by the University to disregard good faith bargaining with affected employee groups or to ignore all other mandates of PELRA.

#### ***Salary Increases:***

This budget includes an assumption of no salary increases for FY10.

#### ***Fringe Benefit Rates:***

The fringe benefit rates for civil service employees, academic employees and graduate assistants proposed for FY10 are shown below:

	<u>Actual</u> <u>2008-09</u>	<u>Proposed</u> <u>2009-10</u>
Civil Service (and undergraduate students)	32.7%	37.0%
Academic	30.4%	32.3%
Graduate Assistants		
Tuition	\$13.32/hr	\$14.32/hr
Health Insurance	14.46%	16.84%
Social Security	6.03%	6.46%
Medicare	1.41%	1.70%

The breakdown of the fringe benefit rates by component is included in this document as Attachments 5 and 6.

## **Rates and Fees**

### ***Internal Sales and Auxiliaries***

There are a variety of rates charged by University units that fall under the definition of Internal Sales or Auxiliary Enterprises (see Attachment 7 for the definition of all sponsored and nonsponsored funds). The proposed rates and fees for each year and a review of the processes used to arrive at them are built into the annual budget development process. The all-funds budget in this document, as displayed on Attachment 1, includes the proposed Internal Sales and Auxiliary rates as part of the projected revenue for FY10.

The University provides housing, dining and parking services for the convenience of its students, faculty and staff. Though the specific rates and charges for these services vary broadly, the table below reflects the average anticipated increases by each service area by campus. These rates have been developed and approved after the appropriate reviews and consultation process of each campus. In addition, the room and board rates are reflected in the cost of attendance information displayed earlier beginning on page 16.

### **Auxiliary Rate Increases Average Fee Increase for FY10**

<u>Campus</u>	<u>Room &amp; Board</u>	<u>Parking</u>
Crookston	4.73%	0.0%
Duluth	1.60%	0.0%
Morris	5.00%	0.0%
Twin Cities	1.54%	
Contract Garages		0.0%
Contract Ramps		0.0%
Contract Lots		0.0%
Hourly		0.0%

### ***Other Fees***

Each request for a new course or collegiate fee or any increase in an existing course or collegiate fee has been reviewed through the budget process. Attachments 8, 9, and 10 contain the lists of all such proposed fees that are recommended for approval at this time. Each of these changes meet the parameters established in Regents policy. In general, the course fees are designed to recover specific costs and are assessed for the purposes of 1) paying for transportation related expenses associated with field trips, 2) paying for consumable materials utilized in instruction, or 3) charges relating to cost demand for services such as music lessons or access to very specialized equipment. At this time, the majority of collegiate term fees primarily support technology needs in the college – technology costs directly related to service to students (labs, equipment, etc.). Some collegiate term fees support general operating expenses in addition to technology needs.

As mentioned previously, the President's Recommended Operating Budget for FY10 contains a proposed increase in the University fee. For FY10, this fee will be implemented each term as \$60 per credit for 9 credits or fewer, and at a flat \$600 per term for 10 credits and above.

The all-funds budget recommended in this document, as displayed on Attachment 1 includes the fee increases as part of the projected revenues for fiscal year 2009-10.

### **Student Services Fee Summary**

Attachment 11 outlines the recommendations to the Board regarding student service fees at all campuses for FY10. These fees have also been incorporated into the cost of attendance information displayed above.

## **IV. Operating Budget – Revenue Summary**

### **A. Non-Current Funds**

Since expenditures in these funds can change significantly from one year to the next, budgets for non-current funds are less predictable than the budgets for current funds. Noncurrent funds can generally be classified into one of the following fund groups:

- 1) Plant Funds – The majority of non-current expenditures are contained within the plant funds. These funds are to account for property, plant and equipment transactions of the University. The spending pattern in this area varies depending upon capital project construction timetables and available financing from external sources such as State of Minnesota general obligation bonds. Plant fund activities (capital projects over \$500,000) are summarized in the six-year capital improvement plan and the annual capital budget presented to the Board of Regents for review in May and approval in June 2009.
- 2) Endowment and Similar Funds – The resources included in endowment and similar funds are a combination of gifts made to the University that contain certain stipulations as to preservation of principal, and additions to existing endowments in the form of investment income and market value fluctuations. Projections of total change in endowment and similar funds are difficult because these funds are subject to market risks as well as fluctuations in contributions.
- 3) Loan Funds – These funds are designated for student loans, which are provided by the federal government, the State of Minnesota, and private donors. The loan fund is the smallest group of non-current funds. Additions to the fund consist of interest received on outstanding loans and new contributions.

Noncurrent funds generally do not support the daily operations of the University and therefore are not detailed further within this document.

### **B. Current Funds**

Current funds support the day-to-day activities of the University and can be explained in two categories:

- 1) Nonsponsored Funds
  - Centrally Distributed and Attributed – Funds distributed or attributed by the Board of Regents, which may be further distributed to a unit or department by a central, collegiate or administrative office.
  - Self-Sustaining – Funds in which expenditures are supported by revenues earned by the internal or external sale of goods or services, fees, federal appropriations, or by gifts from external donors.
- 2) Sponsored Funds (sponsored research) – Funds provided by a grant or contract that are administered by Sponsored Projects Administration within the Office of the Vice President for Research.

For FY08, the most recent year of actual resource and expenditure information, current fund revenues for University operations totaled approximately \$3.0 billion. Attachment 7 contains the definitions of all current nonsponsored and sponsored funds. The table below outlines the major funding sources supporting FY08 expenditures, the budget for these sources for FY09, and the proposed budget for FY10.

**Current Fund Revenues  
Sponsored and Nonsponsored**

<u>Funding Source</u>	<u>FY2007-08 Actual Revenues</u>	<u>FY2008-09 Budget Plan</u>	<u>FY2009-10 Proposed Budget</u>	<u>FY10% of Total</u>
Operations & Maintenance	\$628,262,834	\$628,283,774	\$565,445,000	19%
Tuition & University Fee	629,859,079	636,868,984	678,673,869	23%
State Specials	113,095,000	89,694,216	98,879,000	3%
Indirect Cost Recovery	113,744,635	112,895,568	111,489,158	4%
Central Reserves	21,327,596	20,575,000	10,950,500	0%
Auxiliary Enterprises	275,235,996	289,851,077	289,851,077	10%
Internal Service Orgs.	216,670,876	220,722,361	225,136,808	8%
Other Unrestricted Accounts	128,379,161	105,823,265	110,056,195	4%
Other Restricted Accounts	<u>383,836,165</u>	<u>305,941,369</u>	<u>360,000,783</u>	12%
Subtotal Current Nonsponsored	\$2,510,411,342	\$2,410,655,614	\$2,450,482,390	83%
Sponsored Research	<u>\$470,549,683</u>	<u>\$470,000,000</u>	<u>\$518,175,000</u>	<u>17%</u>
Total Revenue	\$2,980,961,025	\$2,880,656,614	\$2,968,657,390	100%

**Revenue Summary by Fund Group**

The President's operating budget plan is composed of current, nonsponsored funds that represent approximately 83% of all current fund resources. The budget plan also includes estimated resources for current, sponsored funds, which comprise the remaining 17% of annual current fund resources. What follows is a brief overview of the FY10 revenue summary for each of the current fund categories.

**Centrally Distributed and Attributed Funds**

***Operations and Maintenance Fund***

The financial plan for the Operations and Maintenance fund is based upon resources derived from state appropriations, financial services fees, the Enterprise Assessment, and transfers-in from central reserves.

Resources available for FY10 are projected to be \$574,543,103. This represents a decrease in resources of \$69,940,144 compared to FY09.

- Legislative appropriations will decrease \$63,108,300. This is the net result of a restoration of the one-time FY09 unallotment of \$18,617,000, the reduction to the FY10 appropriation of \$2,550,000 passed during the 2008 legislative session and a new recurring cut to the base of \$79,175,300
- Application/Bursar fees are estimated to remain stable
- Resources from the Enterprise Assessment (internal assessment to support the enterprise system replacement projects) will increase by \$25,417
- The transfer-in from Central Reserves/ICR will decrease by \$5,123,297: \$3.6 million is due to a reduction in the annual transfer in from central reserves to partially offset reduced FY10 investment earnings
- The balance available from the previous year is estimated to be \$1,733,964 less than that available in FY09

### ***Tuition and University Fee Funds***

The financial plan for the University Fee fund is based upon resources derived from a \$600.00 per term fee assessed to each student registering at the University (prorated at \$60.00/credit for credits 1-9). In FY09, this fee was \$550.00 per term (prorated at \$55.00/credit for credits 1-9). Beginning in FY07, the University Fee is attributed 100% to the academic units on the same basis as tuition.

University Fee resources available for FY10 are projected to be \$64,930,177. This represents an increase in resources of \$4,554,730 in this fund compared to FY09.

The FY10 tuition rate schedule for all campuses can be found in Attachment 4.

Tuition revenue is increasing \$38,154,408 between FY09 and FY10. A large part of this growth is a result of the rate increases proposed to meet the budget challenge for the year.

The FY09 and FY10 tuition and University fee revenue estimates (combined) by unit are as follows:

	<u>FY2008-09</u>	<u>FY2009-10</u>
<b><u>Crookston</u></b>	\$9,342,883	\$9,987,867
<b><u>Duluth</u></b>	90,182,076	95,852,094
<b><u>Morris</u></b>	12,160,022	13,071,338
<b><u>Rochester</u></b>	712,789	1,481,531
<b><u>Twin Cities – Academic Health Center Colleges</u></b>		
Dentistry	13,115,000	14,158,625
Medical School	34,206,710	36,955,000
Nursing	8,250,812	8,003,708
Pharmacy	16,006,284	17,078,538
Public Health	12,277,461	13,216,016
Veterinary Medicine	<u>11,890,900</u>	<u>12,791,500</u>
Total Academic Health Center Colleges	95,747,167	102,203,387
<b><u>Twin Cities – Provost Colleges</u></b>		
Food, Ag. & Natural Resource Sciences	17,199,021	18,484,714
Design	12,475,198	13,353,025
Biological Sciences	15,366,500	16,536,898

	<u>FY2008-09</u>	<u>FY2009-10</u>
Carlson School of Management	61,855,967	65,411,406
Continuing Education	15,761,430	16,759,440
Education & Human Development	48,502,908	50,799,006
Humphrey Institute	5,486,795	5,612,907
Institute of Technology	77,385,206	82,532,747
Law School	21,977,863	23,898,854
Liberal Arts	<u>147,701,646</u>	<u>157,877,069</u>
Total Provost Colleges	423,712,534	451,266,066
<b><u>Senior Vice President Units</u></b>		
Academic Health Center Shared	2,873,342	3,542,357
Graduate School	517,000	517,000
Sr. VP System Academic Admin.	38,077	40,078
Undergraduate Education	<u>678,841</u>	<u>712,151</u>
Total Vice President Units	4,107,260	4,811,586
<b>Grand Total</b>	<b>\$635,964,731</b>	<b>\$678,673,869</b>

### *State Specials*

The financial plan for state specials is based upon resources derived from restricted state appropriations. Revenues from the state specials available for FY10 total \$98,879,000. This represents an increase of \$8,283,300 from FY09. The increase specifically relates to:

- an increase of \$8,000,000 for the Mayo/University Partnership
- restoration of the FY09 one-time unallotment of \$1,383,000
- a planned and phased reduction of \$1,100,00 in the year two amount for the mesothelioma study transfer
- an increase of \$300 in the system special just to round to the nearest thousand

### *Indirect Cost Recovery*

The financial plan for indirect cost recovery funds is based upon estimated resources derived from the reimbursements received from sponsors to cover “overhead” costs associated with sponsored research. For FY10, available indirect cost recovery resources are estimated to be \$111,489,158. This represents an increase in resources available for distribution of \$225,775 compared to the estimate for the previous year.

- Generated revenue is projected to increase \$225,775 from the FY09 estimates.
- The balance available in the central distribution accounts from the previous year (carry-forward) is \$1,523,297 less than that available in FY09.
- Transfers out to other funds will be \$1,523,297 less than transfers out in FY09.

In October 2007, the University signed a new Facilities and Administrative (F&A) rate agreement with the Federal Department of Health and Human Services (DHHS). Effective FY08, the F&A rate charged to new federal grants increased to 51% from 49.5%. This new rate only applies to new grants. Any grant that was previously awarded at the old 49.5% rate will continue to use the 49.5% rate through the end of the grant.

The table below presents a summary of the change in recurring indirect cost revenue allocations from FY09 to FY10 by resource responsibility center. Under the institutional budget model, 100% of the ICR revenue is attributed to the academic units that generate it.

**Distribution of Recurring ICR Revenue for Fiscal Years 2008-09 and 2009-10**

	<u>FY2009</u>	<u>FY2010</u>	<u>Change</u>
<b>Crookston</b>	\$22,066	\$44,311	\$22,245
<b>Duluth</b>	2,078,000	1,960,304	(117,696)

***Central Reserves***

The primary revenue source for the central reserves fund is investment earnings from the temporary investment pool. The purpose of this fund is to insulate the University from potential major financial risks, including:

- Unanticipated or uninsured catastrophic events
- Temporary institutional revenue declines or expenditure gaps
- Unforeseen legal obligations and costs
- Failures in central infrastructure

- Failures of major business systems

The financial plan for FY10 central reserves is based on estimated resources derived from investment earnings. Resources available for the year are projected to be \$13,726,715, which is a decrease of \$ 2,952,603 from FY09.

- Gross investment income is estimated to decrease \$6,956,500
- The balance available from the previous year is estimated at \$9,404,603 less than that available in FY09
- The estimate of capital losses is \$8,580,000 less, which has a positive impact on the balance
- The fees and operating costs deducted from earnings is \$578,500 less than in FY09
- Miscellaneous income to central reserves is estimated to be \$650,000 higher in FY10 than in FY09
- The transfer to O&M is decreasing by \$3,600,000 compared to FY09

The financial plan for FY10 central reserves includes allocations of \$1,095,000.

After allocations, the central reserves balance is projected to be \$12,631,715 at the end of FY10. Base on FY10 state appropriations, Board of Regents policy would set the required balance at \$25,968,960. Given the market conditions of the last nine months and the necessary spending of departmental balances (cash) due to the FY09 appropriation un-allotment, the FY10 plan for central reserves will not meet policy guidelines. Budget plans for the next few years will include efforts to increase the reserve back to Board policy level.

#### Self-Sustaining Funds

##### ***Auxiliary Enterprises***

The University operates a number of self-sustaining operations called auxiliary enterprises. These are activities that provide goods and services predominantly to individuals in the University community and incidentally to the general public. Resident halls, food service, student unions, bookstores, parking and transit, health services and intercollegiate athletics are primary examples of auxiliary enterprises.

Overall, the FY10 budget plan for auxiliary enterprises is based upon estimated resources of \$289,851,077.

##### ***Internal Service Activities***

The University conducts internal service activities for the purpose of convenience, cost or control. These activities provide goods and services predominantly to University departments and incidentally to the general public. Fleet services, University Stores and the Physics Shop are primary examples of internal service activities.

Overall, the FY10 budget plan for internal service organizations is built based upon estimated resources of \$225,136,808.

### ***Other Unrestricted and Other Restricted Nonsponsored Activity***

FY10 budget plans for other unrestricted and restricted nonsponsored funds are based upon estimated resources of \$470,056,978.

The other unrestricted fund category includes resources derived from miscellaneous activity such as sales of education goods and services and course and technology fees.

The other restricted fund category includes numerous restricted accounts, the funds of which may only be used in accordance with the purposes established by the source. Examples of funds included in this category are grants and contracts with business and industry, University of Minnesota Foundation, private practice and restricted government funds.

### **Sponsored Research**

Sponsored research consists of grants and contracts administered through the Office of Sponsored Project Administration (SPA). Sponsored funds typically represent multi-year activities surrounding research projects. Estimated expenditures for a given year will vary according to the University's ability to obtain research grants as well as the timing of expenditures related to current or pending research projects. Estimated expenditures for FY10 equal \$518,175,000.

## **V. Operating Budget – Expenditure/Resource Allocation Summary**

For FY08, the most recent year of actual resource and expenditure information, current fund expenditures for University operations totaled approximately \$3 billion. Attachment 7 contains the definitions of all current nonsponsored and sponsored funds. The table below outlines (according to function) the current fund expenditures for FY08, the approved budget for these sources for FY09, and the proposed budget for FY10.

<u>Funding Source</u>	<b>Current Fund Expenditures Sponsored and Nonsponsored</b>			
	<u>FY2007-08 Actual Expenditures</u>	<u>FY2008-09 Budget Plan</u>	<u>FY2009-10 Proposed Budget</u>	<u>FY10 % of Total</u>
Current Nonsponsored Funds:				
Instruction	\$834,731,285	\$844,452,962	\$825,665,802	28%
Research	51,158,684	45,575,909	44,967,944	2%
Public Service	133,110,714	134,695,758	132,308,076	4%
Academic Support	431,026,265	455,868,262	445,726,229	15%
Student Services	92,676,403	96,100,748	93,962,724	3%
Institutional Support	276,680,830	282,727,852	276,437,800	9%
Plant/Ops & Maintenance	251,075,916	257,966,427	252,227,260	9%
Scholarships	151,699,637	117,742,483	124,807,032	4%
Auxiliary Enterprises	213,040,959	227,227,707	222,172,407	8%
	\$2,435,200,692	\$2,462,358,108	\$2,418,275,274	82%
<b>Subtotal Sponsored</b>	<b>\$470,549,683</b>	<b>\$470,000,000</b>	<b>\$518,175,000</b>	<b>18%</b>
<b>Total Expenditures</b>	<b>\$2,905,750,375</b>	<b>\$2,932,358,108</b>	<b>\$2,936,450,274</b>	<b>100%</b>

The President's operating budget plan is composed of current, nonsponsored funds that represent approximately 83% of all current fund expenditures. The budget plan also includes estimated expenditures for current, sponsored funds, which comprise the remaining 17% of annual current fund expenditures.

#### Centrally Distributed and Attributed – Proposed Distributions

Within the context of available resources, the proposed distributions for the centrally distributed and attributed funds are as follows:

#### **Fiscal Year 2009-10 Proposed Distributions Centrally Distributed and Attributed Funds**

	<u>O&amp;M</u>	<u>Tuition</u>	<u>State Specials</u>	<u>ICR</u>	<u>Central Reserves</u>	<u>University Fee</u>
Balance Forward	\$0	\$0	\$0	\$0	\$11,874,318	\$0
Annual Revenue/ Net Transfers	574,543,103	613,743,692	98,879,000	111,489,158	1,852,397	64,930,177
Total Net Resources	\$574,543,103	\$613,743,692	\$98,879,000	\$111,489,158	\$13,726,715	\$64,930,177
Planned Distributions	\$574,533,684	\$613,743,692	\$98,879,000	\$111,489,158	\$1,095,000	\$64,930,177
Ending Balance	\$0	\$0	\$0	\$0	\$12,631,715	\$0

Details on specific distributions by campus, college and support unit can be found on Attachment 12, Fund Forecast – Centrally Distributed and Attributed Funds.

## **VI. Future Planning – FY12 and FY13 Scenarios**

This year's budget development includes, for the first time, an extension of the practice of providing financial information through the President's Recommended Annual Operating Budget Plan for FY10 and Preliminary Financial Plan for FY11 by including an additional two year outlook. This additional information provides a very preliminary look at the potential financial challenges facing the University in FY12 and FY13. The inclusion of additional financial information beyond the current year is always difficult given the potential range of options and choices available. Compounding the uncertainty regarding future financial estimates is the unsettled state budget outlook for both the current biennium and the next. The information outlined below is designed to initiate a discussion regarding potential future financial challenges and the options, strategies and approaches that may be necessary in the future to address those challenges.

The table below outlines the four year appropriation levels enacted at the conclusion of the 2009 legislative session.

	<u>Enacted Appropriations</u>		<u>Beginning Base Level Funding</u>	
	<u>FY10</u>	<u>FY11</u>	<u>FY12</u>	<u>FY13</u>
State General Funds	\$623.4*	\$677.3*	\$670.0	\$670.0

\*Note: Actual appropriation amounts prior to potential un-allotment actions by the Governor

In addition to establishing the University's FY10 and FY11 appropriations, the Legislature also established an FY12 and FY13 beginning base level funding of \$670.0 million per year. This base level funding traditionally represents the starting point for budget development for the 2012-2013 biennium. The base level funding for FY12 and FY13 can not be altered by un-allotment actions in the current biennium and will, per tradition, be incorporated into long term state budget projections by the State of Minnesota. Preparation of the University's next biennial budget submittal will begin in June of the even numbered year (2010) prior to the odd numbered year (2011) in which the Minnesota Legislature establishes the upcoming biennial budget (for 2012-2013).

The University carefully takes into consideration, during the development of its annual operating budgets, the potential impact of changes in the base level appropriations for the biennium following the current biennium in order to ensure that budget development for the near term does not result in a significant structural imbalance (defined here as an imbalance between recurring resources and recurring expenditures) in the next biennium. An example of this would be to commit an unrealistic amount of current biennial appropriations to recurring expenditures when it is apparent, through an analysis of the subsequent biennium, that some portion of current resources is not intended to recur into the following years. In most years this is a relatively direct analysis. The current financial environment makes this analysis particularly difficult given the size of the state budget shortfall remaining in both the current biennium (presently estimated at \$2.7 billion) and for the next biennium (presently estimated at \$3.1 billion).

Tables A and B below outline different views of the University's financial landscape in FY12 and FY13. These two scenarios outline widely different views regarding state appropriations. A critical factor in understanding the two scenarios is that the beginning point for changes in state appropriations for FY12 is the assumed \$604.3 million funding level for FY11 remaining after the potential Governor's un-allotment. As such, the amounts shown in the tables below show incremental changes in resource and expenditure levels from those planned for FY11. The preliminary financial plan for FY11 contains a potential \$16.3 million structural imbalance which, unless addressed in FY11, must be corrected in FY12. The structural imbalance carried forward into FY12 is equivalent to 1.2% of anticipated FY11 revenues from state appropriations and tuition. Expenditure projections outlined below in Table A incorporate the structural imbalance.

Scenario A outlines a balanced budget for FY12 but a significant budget shortfall of \$49.4 million for FY13.

#### Scenario A - Legislative Base Level Funding Scenario – Key Assumptions

The resource plan contained in Table A assumes that the 2011 Minnesota legislature authorizes an annual appropriation of \$670.0 million to the University of Minnesota for both FY12 and FY13. Assuming a funding level of \$604.3 million for FY11 (after un-allotment) the University would experience an incremental increase of \$65.7 million in FY12. The President's Preliminary Financial Plan for FY11 is balanced and, as such, this growth in state general fund appropriations over FY11 will be available to meet new expenditure obligations outlined for FY12 and FY13. This scenario assumes no additional incremental increase in state resources for FY13.

The resource plan contained in Table A also assumes that tuition revenue will rise at an annual rate of 4.5% system-wide. This increase will yield approximately \$30.6 million in new incremental revenue in each of FY12 and FY13.

Table A  
University of Minnesota FY12 and FY13 Budget Outlook  
Legislative Base Level Funding Scenario

<u>Resource Plan</u>	<u>FY12</u>	<u>FY13</u>
Change in State Appropriation	\$65.7	\$0.0
Tuition Revenue	<u>\$30.6</u>	<u>\$30.6</u>
Total Resources	\$96.3	\$30.6
 <u>Expenditure Plan</u>		
General Cost Increases/Financial Obligations & Strategic Investments	<u>\$96.3</u>	<u>\$80.0</u>
Revenues vs. Expenditures	\$0.0	(\$49.4)

The expenditure plan in Table A assumes a return to a more stable level of recurring investment. The Board of Regents has previously been presented with estimates of incremental expenditure levels necessary to ensure that faculty and staff are compensated at reasonable levels, that contractual obligations are met, that funds are available to support new building operations, debt and leases, and that the University is able to make modest strategic investments consistent with the goals and priorities of strategic positioning. The expenditure plan is designed to restore the University's momentum and to ensure high quality in research, education and services. It does not reflect an acceleration of expenditures over historical rates of growth and is not reflective of potential increased investment needs that may be necessary due to extraordinary financial circumstances. The higher expenditure level in FY12 compared to FY13 reflects the need to address the structural imbalance carried over from FY11.

The net result of planned revenues and expenditures in Table A is a balanced budget for FY12 but a significant budget shortfall of \$49.4 million for FY13. Absent additional new state appropriations beyond the assumed \$670.0 million annual level, the choices for the University to balance the budget in FY13 are internal budget reallocations, tuition increases beyond the assumed 4.5%, new sources of revenue or a reduction in the assumed level of expenditures.

#### Scenario B – Un-allotment Funding Level Scenario – Key Assumptions

The resource plan contained in Table B assumes that the 2011 Minnesota legislature authorizes a significant reduction to the current law base funding level for FY12 and FY13 resulting in an annual appropriation of \$604.3 million for each of FY12 and FY13 to the University of Minnesota. This reduction would amount to roughly a 9.8% reduction from the University's enacted base level funding for FY12 and FY13. A funding level of \$604.3 million for FY11 carried forward into FY12 and FY13 means that the University would experience no incremental increase in state general fund appropriations.

The resource plan contained in Table B, like Table A, assumes that tuition revenue will rise at an annual rate of 4.5% system-wide. This increase will yield approximately \$30.6 million in new incremental revenue in each of FY12 and FY13.

Table B below outlines significant budget shortfalls in both FY12 and FY13.

Table B  
University of Minnesota FY12 and FY13 Budget Outlook  
Un-allotment Funding Level Scenario

	<u>FY12</u>	<u>FY13</u>
<u>Resource Plan</u>		
Change in State Appropriation	\$0.0	\$0.0
Tuition Revenue	<u>\$30.6</u>	<u>\$30.6</u>
Total Resources	\$30.6	\$30.6
<u>Expenditure Plan</u>		
General Cost Increases/Financial Obligations & Strategic Investments	<u>\$ 96.3</u>	<u>\$80.0</u>
Revenues vs. Expenditures	(\$65.7)	(\$49.4)

The expenditure plan in Table B also assumes a return to a more stable level of recurring investment. The Board of Regents has previously been presented with estimates of incremental expenditure levels necessary to ensure that faculty and staff are compensated at reasonable levels, that contractual obligations are met, funds are available to support new building operations, debt and leases and that the University is able to make modest strategic investments consistent with the goals and objectives of strategic positioning. The expenditure plan is designed to restore the University's momentum. It does not reflect an acceleration of expenditures over historical rates of growth and is not reflective of potential increased investment needs that may be necessary due to extraordinary financial circumstances. The higher expenditure level in FY12 compared to FY13 reflects the need to address the structural imbalance carried over from FY11.

The net result of planned revenues and expenditures in Table B is a significant budget shortfall of \$61.8 million for FY12 and an additional \$49.4 million for FY13. The combined two year shortfall amounts to \$111.2 million. Absent additional new state appropriations beyond the assumed \$604.3 million, the choices for the University to balance the budget for FY12 and FY13 are internal budget reallocations, tuition increases beyond the assumed 4.5%, new sources of revenue or a reduction in the assumed level of investment expenditures to assure the University's continued quality and competitiveness.

Both Tables A and B are built on significantly different views of state appropriation levels. Other scenarios could be created that reflect different levels of optimism or pessimism regarding the direction of state support for higher education as well as potential state revenue shortages or surpluses in the state general fund for the 2012–2013 biennium. As stated earlier in this document, the State of Minnesota currently faces an unprecedented \$2.7 billion budget shortfall for the 2010–2011 biennium after the conclusion of the 2009 Legislature and a corresponding \$3.1 billion shortfall for the 2012–2013 biennium. The University and its faculty, staff and students will likely face significant additional financial challenges in FY12 and FY13 and must begin to prepare for those challenges. The administration will address these issues substantially in the 2009-10 academic year.

## **VII. All Current Funds Operating Budget – Resolution**

Attachment 13 contains the budget resolution for approval by the Board of Regents.

**Resource and Expenditure Budget Plan**  
**University Fiscal Page**  
**Current Non Sponsored Funds**

FICA assessed only if student fails test for exclusion. Graduate students employed at the University will be exempt from FICA withholding on their University wages, and therefore, their salaries will not be assessed for the employer's share of FICA, if they meet the following test:

- Enrolled for at least 6 credits per term if an undergraduate student; or
- Enrolled for at least 3 credits per term if a graduate student (one credit for Ph.D. candidates working on a dissertation)

Social Security and Medicare components are 6.46% for FICA and 1.7% for Medicare (8.16% total)

## Attachment 7

### DEFINITIONS OF CURRENT SPONSORED AND NONSPONSORED FUNDS

Current funds can be categorized as either sponsored or nonsponsored.

Sponsored funds consist of grants and contracts administered through the Sponsored Project Administration (SPA). All sponsored research funds are restricted and are generally subject to special grant reporting procedures. Restricted funds are subject to legally binding limits and rules established by the person or organization providing these funds for specific purposes, programs, departments, or schools.

Within the nonsponsored grouping, funds can be classified as unrestricted or restricted. Unrestricted current funds include all funds over which the University retains full control to direct their use in achieving its institutional purposes. Most current nonsponsored funds are unrestricted; exceptions include State Specials and Other Restricted funds. Externally restricted funds may be used only in accordance with the purposes established by the source of such funds.

### CURRENT NONSPONSORED FUNDS

#### *CENTRALLY DISTRIBUTED AND ATTRIBUTED*

**Operations and Maintenance:** Operations and maintenance funds consist primarily of the general appropriation from the State of Minnesota plus tuition and University fee revenues. Other sources contributing to the fund include Enterprise Assessment fees and a transfer of funds from the central reserves fund

**State Specials:** State Specials funds consist of restricted-purpose appropriations from the State. The University receives State Special allocations in six categories: 1) Agriculture, 2) Health Sciences, 3) Technology, 4) Tobacco, 5) MN Care, and 6) System Specials and miscellaneous, including support for Student Loan Matching Program, Industrial Relations Education, Natural Resources Research Institute, Center for Urban and Regional Affairs, the Bell Museum of Natural History, and the Humphrey Exhibit

**Indirect Cost Recoveries:** Indirect Cost Recovery funds consist of partial reimbursements to the University for the indirect costs of research based on a percentage of sponsored grant and contract direct costs. Indirect costs of research are those expenses (often referred to as overhead) that cannot be readily and exclusively attributed to a specific research grant or contract. Components of the indirect cost rate include departmental administration, sponsored projects general administration, building and equipment depreciation, operations and maintenance, and libraries.

**Central Reserves:** Central Reserve funds consist of non-dedicated investment earnings and unrestricted proceeds from University property and settlements. This fund is a true central reserve fund and operates as a contingency funding source, i.e., no recurring funding activity occurs in this fund.

### *SELF-SUSTAINING*

**Auxiliary Enterprises:** The University operates a number of self-sustaining operations called auxiliary enterprises. Their primary mission is to provide goods and/or services to individuals within the University including students, faculty, and staff. Residence halls, student unions, bookstores, parking and transit, health services, and intercollegiate athletics are the University's primary auxiliary enterprises. Auxiliary enterprises operate as freestanding entities, responsible for covering all of their operating costs with fees charged.

**Internal Service Activities:** Internal Service Activities are institutional services established for reasons of convenience, cost, or control. Their primary mission is to provide goods and/or services to other University departments. Examples of major internal service activities include Networking and Telecommunications Services, University Stores, and Printing and Graphic Arts.

**Other Unrestricted Accounts including Central Pools:** The resources in these funds are primarily miscellaneous external sales and services. The central fringe benefit recovery pools are also included in this classification.

**Other Restricted Accounts:** Nonsponsored restricted funds consist of funds from business and industry, foundations including the University of Minnesota Foundation and Minnesota Medical Foundation, federal and state work-study, SEOG and PELL grants, private practice, and restricted funds from federal, state, and local government agencies, individuals and others.

### **CURRENT SPONSORED FUNDS**

**Federal Research:** These funds are composed of expendable research grants, appropriations, and contracts received from the federal government.

**Other Sponsored Research:** Other sponsored research funds include grants, appropriations, and contracts from non-federal sources including state and local government and private sources.

 Re: Student Services Fees Recommendations

Attached please find the 2009-2010 Student Services Fees recommendations for the University of Minnesota campuses. Each campus has its own autonomous review and recommendation process that is governed by a student-majority committee appointed by the respective student associations. System Academic Administration and Student Affairs serve as consultants to the campuses regarding the Student Services Fees process. The campus Student Services Fees Committees forward their recommendations to the appropriate chancellor or provost, who reviews and comments upon these recommendations and submits them to my office.

I am forwarding these recommendations to you to forward to the Board of Regents as a section of the University budget, for their review and action.

The recommendations for the mandatory 2009-2010 Student Services Fees for each campus are as follows:

Campus	2008-2009 Semester Fee	2009-2010 Semester Fee	Percentage Increase/Decrease
UMC	\$196.50	\$200.00	1.78%
UMD	\$254.48	\$279.32	9.76%*
UMM	\$280.50	\$290.00	3.38%
UMR	\$3.00	\$160.00	N/A
UMTC	\$336.31	\$348.41	3.59%

\*Please see attached explanation from UMD about the unusually large increase in FY10

The Student Services Fees recommendations submitted by each campus are attached for your information. Please let me know if you have questions concerning any of these items.

I want to take this opportunity to acknowledge the Fee Committee members on each campus for their dedication in serving on this very important and demanding project. It is a big responsibility that affects nearly all students throughout the University, and we appreciate the commitment of the committee members to setting fair and equitable fees that best serve our student body.

C: Lincoln Kallsen  
 Julie Tonneson

### **UMD FY10 Student Service Fee Increase**

Fees on the UMD campus would increase 6.5 percent for FY10 except for several unusual additions as follows that raise the increase to 9.76 percent:

1) Through FY09, both MPIRG and SLC have been separate fees assessed to students as optional/non-refundable fees. They were not included as part of the Student Services Fees. For FY10 the fee committee is recommending that both MPIRG and SLC become part of the Student Services Fees. They are not NEW fees but will be treated in a different manner. For comparison's sake amounts have been reflected in the FY09 approved fee columns. For MPIRG this is \$1.08/semester or \$19,350 total; for SLC it is \$.86 or \$15,534 total.

2) In FY09 some of the staff in Kirby Student Center, Health Services and Recreational Sports/Outdoor Programs were granted in-range salary adjustments. Prior to notifying these individuals of their increases, Randy Hyman, UMD Vice Chancellor of Academic Support and Student Life, met with the Student Services Fee Committee to request approval for one-time funding for the increases from the student services fee reserve, with the understanding that if approved this funding would be included in the units' fee requests for FY10.

In neither case was the FY09 UMD Student Services Fees changed from the amount that was approved by the Board of Regents. Students have been assessed \$254.48 for SSF for the current year.

## 2009-2010 Student Services Fees Recommendations

**Attachment 13****REGENTS OF THE UNIVERSITY OF MINNESOTA****RESOLUTION RELATED TO****PRESIDENT'S RECOMMENDED ANNUAL OPERATING BUDGET FY2010**

**WHEREAS**, the University of Minnesota as the state's public, land grant university is charged with the responsibility to pursue knowledge and to help apply that knowledge through research and discovery, teaching and learning, and outreach and public service; and

**WHEREAS**, the State of Minnesota, through its legislative and executive branches, has appropriated \$623,417,000 in state general fund monies for fiscal year 2009-10 to the University of Minnesota, a decrease of \$81,725,300 in appropriations compared to the prior year's funding; and

**WHEREAS**, the University of Minnesota is committed to achieving standards of national and international excellence; and

**WHEREAS**, the future of the University is premised on partnerships within the University community of faculty, staff and students, with the State of Minnesota, other educational institutions, business and industry, University alumni, local communities, and the citizens of Minnesota; and

**NOW, THEREFORE, BE IT RESOLVED** that the Board of Regents hereby approves the University of Minnesota Fiscal Year 2009-10 Operating Budget as follows:

The annual revenue and expenditure plan for current, non-sponsored funds and projected expenditures for sponsored funds for fiscal year 2009-10.

The Fiscal Year 2009-10 Operating Budget approved by the Board of Regents includes the following attachments which are included in the President's Recommended FY10 Operating Budget:

Attachment 1 - Resource and Expenditure Budget Plan (University Fiscal Page)

Attachment 3 - University of Minnesota 2009-10 Tuition Plan: Tuition Rates

Attachment 8 - University of Minnesota 2009-10 Tuition Plan: Course Fees

Attachment 9 - University of Minnesota 2009-10 Tuition Plan: Academic Term Fees

Attachment 10 - University of Minnesota 2009-10 Tuition Plan: Fees in Lieu of Tuition

Attachment 11- Student Services Fees

Attachment 12 - Fund Forecast - Centrally Distributed and Attributed Funds
